

Petition to Restrain Capital Transit Denied "Does Not Mean Approval of C. T. C." Says I. C. C.

Easter Sunday

Notables At G. A. C. Banquet

Father Fealey stands before lily-bedecked altar during Greenbelt's Catholic Easter Sunday services.

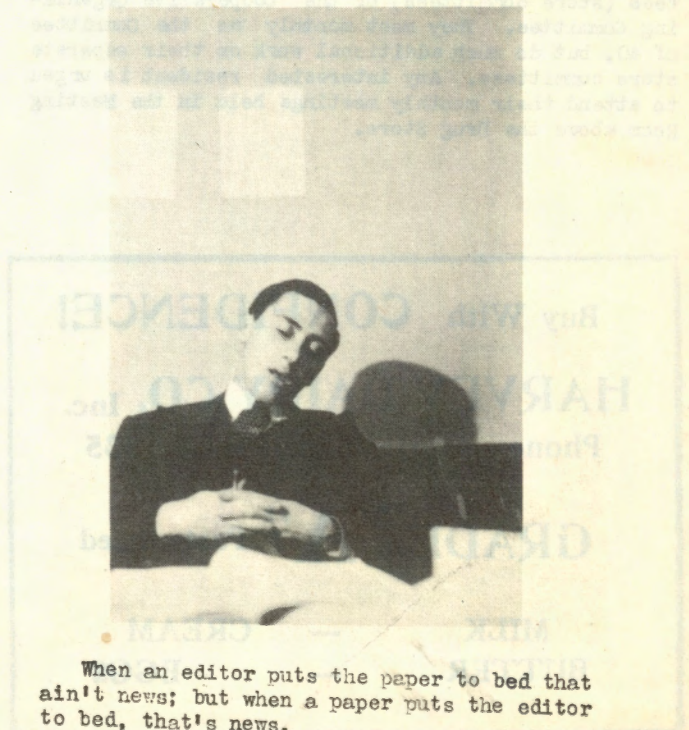

At G.A.C. Banquet, Monday night last, were (left to right) President Messner, Roy Braden, guest of honor Lou Little, Columbia head football coach and Herbert E. Evans.

Tom Howard Sets Last Stick Of Type for COOPERATOR

Tom Howard, who has been connected with the COOPERATOR since its early editions, sets his last stickful of type as senior layout man. He moves back to Washington this week.

When an editor puts the paper to bed that ain't news; but when a paper puts the editor to bed, that's news.

Citizens' Dance April 15

Another Greenbelt Citizens Association dance will be given Saturday evening April 15th in the Greenbelt Auditorium with Price Hartley's Orchestra furnishing the music. A special feature of the evening will be a waltz contest in which everyone is invited to participate.

A free ticket to the dance will be given to every person in Greenbelt who sells ten tickets. The price of the tickets will be the usual low of twenty five cents each. They may be obtained from any member of the executive committee which includes Frank Lastner, Donald H. Wagstaff, Ralph Cross, Bernard Jones, Lydalu Palmer, Lois Fulmer, Linden S. Dodson, Thomas Freeman and Ernest Dematatus.

The officers of the association are very anxious that the citizens reserve this date for a full evening of entertainment and enjoyment with your neighbors at the dance, which will start promptly at 9:30 P.M.

COMMITTEE OF 40 HOLDS INTERESTING MEETING

A panel of four Committee of 40 members, led by Joseph P. Loftus, gave their audience an entertaining and instructive hour and a half at the last monthly meeting of that Committee.

The question of "Why Have a Cooperative in Greenbelt" was tossed back and forth among the panel members and bounced off into the audience with so much frequency that the body had to keep alert and "on their ears".

Mr. Loftus had organized the discussion so skillfully that pertinent and vital points were covered and the panel members were given ample opportunity to make their contributions. Not the weakest of the reasons for having a cooperative was the one made by Mr. Gawthrop who said that working on cooperatives had made him a broader individual who had been doing more stiff thinking than he would otherwise have done.

George Hodsdon, Carnie Harper, Arthur Gawthrop and Joseph Loftus composed the panel.

The Committee of 40 is made up of the sub-committees (store committees) of the Cooperative Organizing Committee. They meet monthly as the Committee of 40, but do much additional work on their separate store committees. Any interested resident is urged to attend their monthly meetings held in the Meeting Room above the Drug Store.

April 26 To Mark Second Camera Club Salon

"Highlights and Shadows", a new sound motion picture that brilliantly dramatizes the story of photography, will be shown in conjunction with the opening of the second annual salon of the Greenbelt Camera Club at the school auditorium Wednesday, April 26 at 8:30 P.M.

This five-reel motion picture traces the steps by which man's efforts to transmit his ideas led to the perfecting and popularizing of photography. "Highlights and Shadows" is certain to prove interesting not only to the professional and amateur photographers but to laymen as well.

The Greenbelt Camera Club invites the residents of Greenbelt and their friends to see "Highlights and Shadows" and view their second annual salon. There will be no charge for admission.

CONSUMERS UNION CLUB INCREASES MEMBERSHIP

The Greenbelt Consumers Union Club, made up of those who subscribe to the Monthly Reports of the Consumers Union of the United States, has now reached a total of 23 members. The Club, which must number 15 or more, receives a yearly subscription to the Consumer Union Reports and the yearly Buyers Guide—all for \$2.00. The individual subscription would be \$3.00. The members are saving 33-1/3% by buying in groups of 15 or more.

Those who would care to subscribe with the club may do so by calling Ollie Hoffman, Greenbelt 2231, and leaving \$2.00. The March issue begins the yearly subscription to these monthly reports of the testing laboratory which lists the Best Buys on most consumer goods.

GARDEN CLUB TO HEAR PROF. SHOEMAKER

Professor Mark Shoemaker of the University of Maryland, will speak to the Garden Club at their regular monthly meeting Monday evening at 8 o'clock in the social room. His talk will include "Tips for the Flower Grower" and "Care of the Lawn and Home Grounds". All residents are invited to attend.

NEW WELFARE COMMITTEE CHAIRMAN

The Welfare Committee wishes to announce that Dorothy Fleisher has been appointed chairman of Domestic Employment Service. Her telephone number is Greenbelt 4866, and she will be very glad to carry on the work in which she has been interested for some time.

Mrs. Thomas Freeman has served faithfully for many months, and we would like at this time to express our appreciation for a job so well performed.

Petition to Restrain Capital Transit Denied

'Does Not Mean Approval of C.T.C.'

says I. C. C.

The Interstate Commerce Commission acting on protests filed by the Council of the town of Greenbelt and the Greenbelt Citizens Association, on April 7, 1939, declined to suspend cancellation of the tariff under which limited service had been operating for the past year.

Quoting from the Commission's letter: "The Commission's action in thus permitting the protested provisions to become effective without prior investigation under the authority conferred upon it by Section 216(g) of Part II of the Interstate Commerce Act, does not constitute approval thereof, any or all of such provisions being subject to attack for conflict with any provision of the said Act upon complaint filed in accordance with the Commission's rules of practice".

It might be pointed out here that petition may be made at any time for restoration of through service, but that the Transportation Committee does not contemplate taking any further action at this time.

It is anticipated that additional data on organization of cooperative transportation groups will be available shortly. Studies of the matter, as well as research into its legal aspects are being made and will be published at the earliest possible date.

"Both Your Houses"

Next Tuesday is the night -- the theater is the site -- the play is "Both Your Houses" -- the price is twenty five cents -- the producers are the Greenbelt Players.

Every phase of the Players latest effort has reached perfection. Never in their existence have they done so well. "Both Your Houses" will long stand out as the town's tops in entertainment from any viewpoint you may choose to view it from. From rehearsals so far, standout performances have been registered by Byron Roshon, cast as the biggest hokum dispenser in the House; Lyman Woodman, a fair haired boy complete with hayseed and ideals and Lib Goldfadden, accomplished and worldly wise gift to successful Congressman.

A dress rehearsal is planned for Sunday afternoon and then rest and relaxation until 8:15 Tuesday, April 18.

On Monday morning, as an added attraction, the cast will troupe to the broadcasting booth of WIAL at 11th and G Streets in Washington and give one act of the play over the air. Lee Everett's "Old Sol" program from 7:30 to 8:30 A.M. will be the hour, so tune in and get a sample of what is in store for you at the theater.

That the Players are becoming a definite factor in the entertainment world can be proven by the extensive publicity Washington is affording them. The papers have been very cooperative even to the extent of printing pictures of rehearsals. The radio was very glad to present them over the air as part of their program. Mrs. Roosevelt wrote expressing her regrets at not being able to attend, as she will not be in town. She offered however to be listed as a patroness of the group.

The ticket sale in Washington has been better than in town but it is assumed and hoped that Greenbelt will turn out and form a line to the right at the box office.

Lights Burn Late

In "Block D Night"

Lights have burned far into the night in many homes in Block "D" this past week. At midnight small groups of men and women could be seen clustered around some garden light or strolling home leisurely while they engaged in animated discussion about "by-laws", "management contracts", "membership pledges", "C.D.C." (Consumer Distribution Corporation) "financial agreement". Block D was having a Neighborhood Night. The peripatetics were just leaving their neighborhood groups and were continuing their discussions on their way home.

The Neighborhood Night idea is utilized by the Cooperative Organizing Committee as one means whereby Greenbelt residents can get together with folks they know and express their opinions and desires about some of their chief community activities. Those who cannot attend public meetings or who are timid about voicing their ideas in large public gatherings find these small neighborhood groups an ideal place for them to be heard and to learn what has been done. Representatives of the Cooperative Committee of 40, of the Health Association, and of the Credit Union are usually on hand to answer questions. These meetings might be called "The Town Hall of the Home", were it not for the fact that gracious hostesses make them friendly and homelike rather than formal and institutionalized.

BILLHIMER & PALMER

SALES  SERVICE

L. C. Callahan
Used Car Mgr. & Inspector

To be in the top of condition at all times; our Mr. Callahan, who has had years of experience in reconditioning and selling used cars, personally inspects and drives each car before we offer it for sale. All cars reconditioned by factory-trained mechanics and personally inspected daily to make sure that each one is 100% O. K. We take these precautions because we thoroughly realize what a satisfied customer means to our business. We have thousands of satisfied customers today and hope to make thousands more in days to come. When selecting a used car from our stock, don't hesitate to ask Mr. Callahan any question you like about the car. He knows and will give you the truthful answer.

Minister to the
Greenbelt Community Church

For you to think about:

Joses, the Brother of Jesus

"Joses, the brother of Jesus, plodded from day to day
With never a vision within him to glorify his clay;
Joses, the brother of Jesus, was one with the heavy clod,
But Christ was the soul of rapture, and soared, like a lark, with God.
Joses, the brother of Jesus, was only a worker in wood,
And he never could see the glory that Jesus, his brother, could.
'Why stays he not in the workshop?' he often used to complain,
'Sawing the Lebanon cedar, imparting to woods their stain?
Why must he go this roaming, forsaking my father's trade,
While hammers are busily sounding, and there is gain to be made?'
Thus ran the mind of Joses, apt with plummet and rule,
And deeming whoever surpassed him either a knave or a fool,—
For he never walked with the prophets in God's great garden of bliss—
And of all the mistakes of the ages, the saddest, methinks was this:
To have such a brother as Jesus, to speak with him day by day,
But never to catch the vision which glorified his clay".

Author unknown

GREENBELT HEBREW CONGREGATION

The services of the Hebrew Congregation last Friday were conducted by Mr. Elsberg, rabbi of the congregation, with Messers Joseph Loeb and Sam Morgenstein assisting as lay readers.

The chief speaker of the evening was Mr. Roy S. Braden, our esteemed Town Manager, who made a moving address on "The Luck of the Road", a sermon on steadfastness of purpose in the face of adversity, which was received with attention. Mr. Braden expressed his appreciation of the honor afforded him in requesting his presence before the congregation. He admonished his hearers to believe that there was only a desire for neighborliness and cooperation manifested in town by officials and townspeople, and begged that the members of the Congregation mingle with the citizenry to learn this truth at first hand.

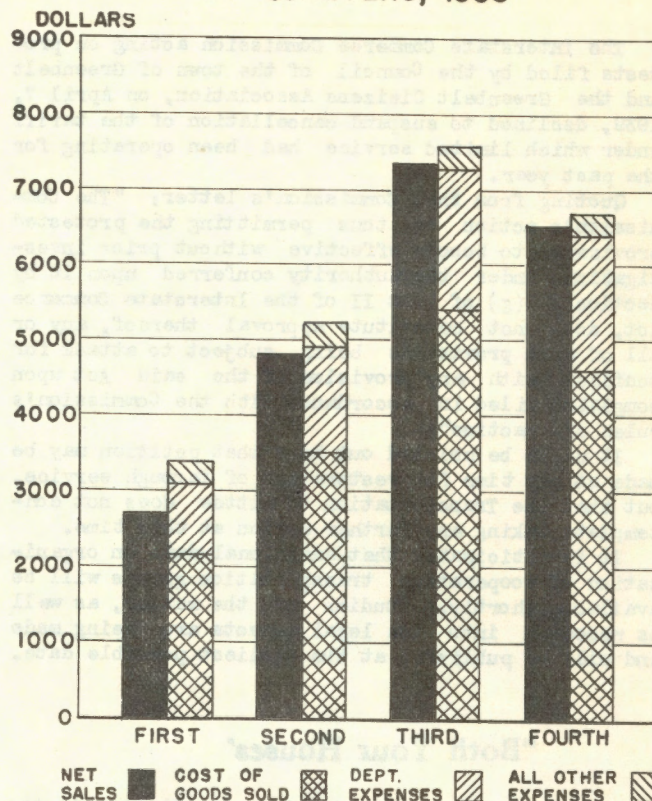

Mr. Braden retired with sincere thanks of the group.

Mr. Elsberg returned to the full duties of his congregation on Monday evening with the concluding services for Passover, and a sermon on "Passover and American Democracy". Services will be held tomorrow night, and a large attendance is requested.

FECHNERS VISIT

The Hon. Robert and Mrs. Fechner of Washington were the dinner guests of Mr. and Mrs. W. H. Griffith, 24-B Crescent Road, Thursday evening, March 30.

*Loss									
Average Inventory Turnover	2.6		3.3		5.0		4.4		

Sales declined \$809 or 11.1% in the fourth quarter as compared to the third. This decline is probably due to the fact that people drive less, in general, in the cold months. The decrease of 11.1% in sales was accompanied by a greater decrease in the cost of goods sold, resulting in a gross margin almost equal in amount to that of the third quarter. Expenses decreased, resulting finally in a decrease in the loss. The financial position of the service station is improving as evidenced by the decrease in the loss for each quarter.

Salt o' the Earth

by
Dorothy Salter

Jocko the Clown and Friscilla his bride were guests of honor at an Easter party given by Emily Custer on Saturday afternoon. Jocko and Friscilla were mere puppets in the hands of their manager --- Frank Harper, --- bowed, danced, stood on their heads and waxed rich as the years went by --- at Frank's demand. While Peter J. Carroll, Jr. was stage manager, property man, and musician in one. The appreciative audience jumped up and down and giggled, instead of rallying in the aisles, except the unfortunate two whose chairs gave way beneath them.

Those present were Misses Shirley Branch, Maureen Murray, Betty Jane Falkenberg, Mildred Anne Hawk, Joyce Proctor, Mary Jouch Johnson, Beverly Lyman, Lorene Nelson and Patsy and Margaret Plackett of Greenbelt and Janet Davidson of Cheverly, and Masters Summer Cragin, Kenneth and Richard Proctor, Jack, Don and Jimmy McCollum, Bobby Plackett, Frank Harper and Peter Carroll, Jr.

A birthday party was held at 13-J Ridge Road for Jackie Martone. All the kids in the neighborhood were in for a marionette show and movies. The balance of the evening was spent in games and enjoying the lovely refreshments served by Mrs. Martone assisted by Mesdames McGoldrick, McGuckin and Taylor. The marionette show was staged by Jimmy Alberts and was a big hit.

Those who attended were: Virginia McGuckin, Joan Scott, Kathleen Scott, Joyce Bates, Clair Blake, Robert Scott, Gladstone Lewis, James Smith, James Albert, Thomas Cross, Thor Wood, John Peterson, and Charles Johnson.

Mrs. George Gross of 15-B Ridge Road had a surprise baby shower Monday night for Mrs. Hershal Young of 15-A Ridge Road. Mrs. Gross was assisted by Mrs. Henry Middleton and Mrs. Yhnell and Mrs. Bill Cunningham of Washington. The house was decorated with clotheslines of paper baby clothes, and the gifts were arranged under a huge umbrella that was being sprinkled with crepe paper "rain".

Guests were Mesdames Timmons, Blake, Jigg, Harley, Albert, Martone, Temple, McKay, Taylor, Selby, Massey, Porter, Smith, Scott, Snyder, Whetzel and Sanchez.

Mrs. Young received a number of lovely gifts.

Community Health

Planned Health for a Planned Community

S. R. BERENBERG, M.D.

J. W. STILL, M.D.

The public health program of Greenbelt is soon to be in full swing again. Weighing clinics for the babies will continue to be held on Wednesday afternoons and Prenatal clinics will be on Thursday afternoons.

The 142 school children who have reported for the track squad are to be examined for physical fitness before being allowed to participate in this popular sport. Of course parents' consent to participate must be had too.

Immunization clinics for diphtheria toxoid, smallpox vaccination and Schick tests, etc. will be announced as soon as the State Board of Health sends supplies. Arrangements are now being made with the State to furnish these supplies.

Regular school examinations will commence this week. Each child is to have an annual school health examination.

All parents are urged to report contagious diseases to the Health Officer. Only by isolation of these sick patients can the community be protected from widespread epidemics.

Measles, whooping cough and scarlet fever are prevalent in surrounding communities. Let us try to keep our children free from these diseases.

PLACES TO GO

The COOPERATOR lists below Advertisers who offer a wide variety of food, beverages and entertainment. They are helping Greenbelt to build its paper so we ask our Readers to try these Advertisers before going elsewhere.

Buete's Grill College Park, Maryland. Dine - Dance - Beer, Draught or Bottle - Wine, Orchestras twice weekly. Specializing in HOME COOKING - Private Dining Room.

Lord Calvert Inn College Park, Maryland. Specializes in Chicken and Steak Dinners. Home Style. All you can eat \$1.00. Strictly fresh Foods. Bring your Family. Telephone Berwyn 276 for Reservations. Banquet Room for Clubs and Parties.

Starlight Inn Baltimore Boulevard. Quality Food, Pabst Blue Ribbon on draught - Dancing every night. Orchestras Friday and Saturday

Varsity Grill College Park, Maryland. We offer a late Supper and early Breakfast, Lunch and Dinner, Beer and Wine. "Wind up that Party at the Varsity Grill"

Whalen's Sea Food Restaurant 4512 Rhode Island Avenue, Brentwood, Md. Delicious Dinners, Mixed Drinks, Dancing. See our Pit Barbecue. Private Dining Room for Clubs and Parties. Tel. Hyattsville 654.

University Inn Washington - Baltimore Boulevard. A Good Place to Eat and Drink. Dance if you like - Budweiser on Draught.

VOLUME 3, No. 31 APRIL 13, 1939

Help Avoid Forest Fires

According to a statement made by District Forester R. H. Hershberger, more than 125 forest fires have been reported in the Western Shore District of Maryland since the first of the year. The majority of these fires were caused by brush burning operations or smokers. The prevalence of these fires is no doubt the result of the unusually open winter and the absence of a normal amount of snow fall.

According to Mr. Hershberger, the unusually mild winter and the early advent of spring-like weather made it necessary to open the nine forest fire lookout towers in the Western Shore District, on March 1st, two weeks earlier than usual. As a result a number of fires, which otherwise may have reached large proportions, have been held to a small acreage due to early detection and the prompt dispatch of forest wardens and their crews to suppress the fires.

Since March and April are usually the worst months of the year for the occurrence of forest fires, the District Forester cautions all persons to be particularly careful with fire, especially brush or debris burning operations. The safest time to do any necessary burning is in the evening after the wind has died down or immediately after a rain. Smokers are also cautioned to be certain that their matches or cigarettes are always completely out before discarding them.

GIRL AT LYONSES

A baby girl was born to Mr. and Mrs. John Lyons, 19-J Ridge Road, April 4.

A stork shower had been given by Mrs. Thelma Stewart and Mrs. Charles Bradley at the home of Mrs. Stewart, 19-L Ridge Road. There was an attendance of 25 ladies from Greenbelt and Washington. Games were played and prizes awarded to Mrs. Bee Coulter, Mrs. Wilson and Mrs. Ethel Jarboe. Refreshments were served later in the evening.

Letters to Editor

REPLY TO MR. PORTER ON TRANSPORTATION

To the Editors:

Certainly limited bus service, if frequent enough, whether municipally or cooperatively or privately or CTC owned, (a) is adequate bus service for those (1) who always commute at the rush hours and (2) who work near the bus route, but (b) it is not adequate service for those (1) whose origin or destination is not near the bus route or (2) who commute during the non-rush hours. It is for these latter especially that a dependable, adequate, and economical bus service must be provided, since in general transportation really is no serious problem for those in class (a) above. All but about two hundred commuters have regularly solved their own transportation problem. For those in class (b) above the problem is acute.

Mr. Porter considers it of no importance that under his proposal some commuters would have to pay, besides the municipal bus fare, \$1.25 more per week, owing to the necessity of transferring. This is a matter of merely \$65 per year, you know. Transportation under municipal ownership would not cost patrons in class (a) above more, but what about those in class (b) who cannot solve their transportation by resort to other methods? Will municipal ownership mean higher costs for these patrons or will it not? According to Mr. Porter, non-rush hour commuters would be taken to the District line, where they would be transferred to CTC. Fine. Who in class (a) above ALWAYS commutes during the rush hours ONLY even though he does work near the bus route? And how frequent would the non-rush hour service be?

Mr. Porter's description of adequate and economical transportation under municipal ownership is predicated upon the assumption that a large number of residents would patronize it. In view of its limitations, what grounds has he for this belief? Is it not contrary to the experience of the past year? Mr. Porter urges the floating of a bond issue to finance a municipal system. Who is going to buy these bonds? As for cooperative ownership, who is going to subscribe to shares?

The assertion that CTC unconditionally refuses to provide limited service calls for substantiation; if true, it is a strong argument for Mr. Porter's proposal, though not conclusive. If passes in Maryland are abolished, the case for municipal ownership is strengthened. There can be no rational objection to municipal or cooperative or A. B. & W. ownership if it would not result in higher transportation costs to non-rush hour commuters or to those whose origin or destination is not near the bus line and if the service would be as adequate and dependable for non-rush hour patrons as the CTC service, and if under such systems the financial problem would be satisfactorily solved.

The word "prejudice", Mr. Porter, is equivocal and may mean, among other things, either a "preconceived judgment" (the strict logical and etymological definition) or "unreasonable objection" (a derived meaning). Inasmuch as language is merely a medium of communication of concepts, a speaker or writer has the sole right against all others to define his terms. This right is universally defended by logicians. I used it in the sense of "unreasonable objection". If objections against CTC can be shown to be not unreasonable (and I don't contend either that they are or are not), then no prejudice is involved. In reply to my question, "Must we

Letters to Editor

"CHAIN BELT" MEDICINE

To the Editors:

It is not very often that your paper carries such an ill-assorted rag-bag of misinformation as George (me and the Babies) Carnes' aptly named his "Ramb-ling" of April 6th.

I wonder if Columnist Carnes ever reads the rest of the Cooperator. His attention should be sharply drawn to the admirable editorial "Let's not be Is-carriots" in the same issue. His not too straight-forward attack on Council members Taylor, Bessemer and East, is, to my mind, the very thing against which your editorial warned. His offense will be more apparent when I tell you that Columnist Carnes knew full well BEFORE HE WROTE HIS DIATRIBE, why these Council members voted against a charity Baby Clinic at Greenbelt. And yet no word of explanation of Mrs. Taylor's, Mr. East's or Mr. Bessemer's votes appeared in Carnes' column. Carnes knew both sides of the story, but chose to suppress one side of it.

Let me tell the people of Greenbelt why Taylor, East and Bessemer voted against the charity Baby Clinic.

The proposition for which these Council members were asked to vote was that the Public Health Officer, as part of a long list of duties, should be on hand to examine Greenbelt babies for TWO HOURS, EVERY TWO WEEKS! If the Doctor took 5 minutes per child, he could see 24 babies per clinic. 12 babies per week - which means that the Doctor could not see all the babies in Greenbelt if his clinic ran a full year, and then only by refusing to see any baby more than once.

Now what kind of "Chain Belt" medicine is this? An examination not more than 5 minutes, less than

yield to blind prejudice against the Capital Transit Co.?" Mr. Porter gratuitously alleges that I "claim that persons desiring a municipal service have a blind prejudice against Capital Transit". By what process of logic did you arrive at that conclusion, Mr. Porter? He cites no evidence.

He seems to imply that I maintain a priori that municipally owned services per se operate at a loss. He says that numerous municipally owned transportation systems operate without loss. Conceded, but quid ad hoc? To argue that since some municipally owned systems operate without loss and that therefore a municipally owned system in Greenbelt will operate without loss is to commit the logical fallacy of undistributed middle; to amend the major premise in this argument to read "all" municipal systems is to beg the questions. Ownership per se is an irrelevant factor.

If it can be shown conclusively that a municipally owned transportation system will be stable and will provide adequate limited service and will work no hardships on non-rush hour commuters or those whose origin or destination is not near the bus route, more power to its advocates. But the burden of proof rests on the affirmative and it must show not only that its claims are in the real of physical possibility but also will actually work in practice. It is not enough to merely point out presumptions, largely gratuitous.

Bernard J. Bordenet.

once a year. No time for chats with the Mothers about why Jimmy won't eat his cereal, or why Susie has a diaper rash. Just a perfunctory once over, and dress the kid up again. It isn't worth the mauling that the baby gets in the process. In fact, it would be entirely valueless to the community.

These Council members know that there is only one kind of medical care which possesses any value whatsoever - and that is "good medical care".

Mr. Carnes commiserates with Mayor Maurer and Councilman Morrison on being the minority that lost.

They lost because a majority of the Council had the intellectual honesty to see through the scheme and the guts to vote against it. Carnes is right in that respect, it does take "quite a man to put himself on the spot for a motley throng" of voters who have not the facts to see through this demagogic scheme. But East, Bessemer and Taylor did it and if they want to run again, they have my support, and admiration for their courageous action in this case.

Let me repeat that Carnes knew, before he wrote his column, what the facts were, and in view of this, I remind him of a fundamental duty of all those who have access to print for their opinions. That duty, in any democracy, is to present ALL THE FACTS. How else shall a community form its judgments or decide its public problems. The man who deliberately thwarts this process is doing an unforgiveable thing. Carnes' conception of the Town Council is that it should play the part of a neutral umpire. Such a conception of Democracy is quite at variance with the usual ideas which is that our leaders are expected to lead and not simply "count noses" which can be done more easily and more cheaply by a clerk with an adding machine.

Mr. Carnes in all decency owes a retraction to Mrs. Ruth Taylor, Sherrod East, and Louis Bessemer. His attack on these Council members as the agents of "vicious or unprincipled" groups, meaning I suppose, the Health Association, simply cannot be justified by him or anyone else.

Sports Sputterings

By Cliff Cockill

Greenbelt's athletic minded gentlemen who like their sports served up with tender portions of spring chickens sliced with generous amounts of professional oratory have exactly 362 days left to remove those blotches of soup stains from their vests before they engage in another culinary fiasco.....
Our hats are off to Dick Green.....As Chairman of the banquet committee he did a swell job.....
Now he can start growing fingernails again.....
A few words about Lou Little whose electric personality made all hands forget the transportation problem and softball squabbles.....
 Played tackle for Penn and was named an all-American in 1916.....Saw action in the thick of the American offenses on the Meuse and Argonne as a Captain in the infantry.....Returned to Penn after the war and was graduated in 1920.....Served as Director of Athletics at Georgetown for six years...
His Georgetown teams scored a total of 1427 points while their opponents were only able to gather 172.....in his first five seasons at Columbia they won 34 games, lost 8 and tied 2.....
One game only was lost each year in the four succeeding years.....Lou Little has a reputation among coaching colleagues as one of the most resourceful teachers of football, both on the offensive and defensive phases of the sport.....
 His offense is distinctly his own, stressing speed, deception and flexibility in formation.....
 His Rose Bowl victory was the only one scored by an Eastern team over a Western rival at Pasadena between 1920 and 1934.....The score was Columbia 7, Stanford, O.....He is president of the American Football Coaches Association, having been elected at the annual meeting of the Association in December, 1938.....Besides all this.....
 He's a great guy.....Thanks to Herbert E. Evans for bringing him here.....

GREENBELT HIGH SCHOOL ESTABLISHES ENVIABLE RECORD

Greenbelt High School under the guidance of Chester Wurl completed their second basketball season recently and after taking inventory we find it was a most successful campaign. They engaged in 16 contests and were victorious 14 times. They met and defeated every outstanding team in Prince Georges County with the exception of Mt. Ranier who is recognized as the county champion in nearby Inter-scholastic circles. The outcome of a Greenbelt-Mt. Ranier contest is considered a matter of much conjecture on the part of many fans. Practically half the regulars will be lost this year by graduation. Stan Provost, Joe Weiss, Norman Enzor, Tommy Poston, and Don Whittemore will not return. Next years team will be built around Jim Wilson, Gerd Aherns and Bill Stewart who will be back in harness.

THUMBNAIL SKETCHES OF OUR BOWLERS

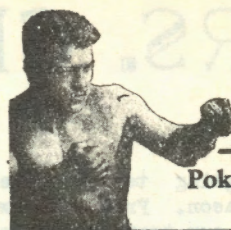

by
SHD in cahoots with and concluding for CJS

- KREBS - 98-0:-** Not only maintains his good average but is better than the best at twirling a ball before "headin" it toward the maples.
- FELS - 98-41:-** He may not be the best bowler in the League but is one of the most "Loyal". Have you noticed his better than "100" games recently.
- ARAUJO - 104-44:-** Did not start until late in the season but he lost no time in placing himself firmly among the leaders. Justly deserves the title "Captain" conferred by his teammates.
- McGOLDRICK-95-23:-** Always in there "rolling", a good bowler, a swell fellow and an inspiration to any team.
- BLANCHARD-103-14:-** A late start and a shoulder injury kept "Bill" from being in the money. A real Spark Plug for any team, watch him go next fall.
- CHAPMAN - 90-17:-** Quiet, mild mannered "Chappie", could always be counted on when time to turn on the heat.
- DAWSON - 94-36:-** You got yours with the Bears and you know lightning seldom strikes in the same place twice.

TEAM STANDINGS

	WON	LOST
BEAVERS	85	26
Cobras	47	34

Hi team set -----	Beavers, 1573; Drakes, 1565; Jeeps, 1551.	
Hi ind. average -----	Temple, 116-24; Araujo, 104-44; DeJager, 103-43.	
Hi ind. set -----	Meek, 387; Temple, 383; Araujo, 377.	
Hi ind. game -----	MacEwen, 142; Temple, 141; Araujo and Brown, 140.	
Hi ind. strikes -----	Temple, 36; Lastner, 32; Brown, 28.	
Hi ind. spares -----	Temple, 208; DeJager, 154; Brown and MacEwen, 133.	

Note: The final round of games will be played Saturday afternoon. Records for the entire season will be checked by the Board of Directors prior to the announcement of prize winners.

Pokes & Jabs

John Martone

Max Baer

Big noise Max Baer rates Tony Galento, the blustering, blow-hard from New Jersey, a preliminary boy. No one in the fight game is better qualified to make such a petty statement as Max Baer former heavyweight champion of the world.

Baer is the fighter who beat Max Schmeling with a roundhouse punch in the eleventh round and later knocked out Man Mountain - Make Believe Carnera to win the heavyweight title.

Max Baer is the chump who deliberately robbed the fans of their money when he laid down to Joe Louis. Gallant Baer who in his first defense of his title lost to old man Braddock. Max Baer's sorry showing against Joe Louis, by all the rules of fair play and honest endeavor, should have been barred from the fight game for life.

The revised edition of the supposedly new Max Baer claims a change of heart. Like so much Rocquefort cheese, Max Baer will never be other than the comic clown and fan chiseler of the ring.

Max Baer would do well to read Bobbie Burns and take especial notice of the passage that read --- "Oh would some power the gift to gie us, to see ourselves as others see us".

VOLLEYBALL LEAGUE

The Greenbelt Athletic Volleyball League met last Friday night, April 7, 1939, at the School Gym for their sixth round of play. As a result of this round we find the two "J" Block teams leading the pack by a comfortable margin, with the Buicks of "B" Block and the Drakes of "D" Block in hot pursuit.

In the first two games, the Jayhawks kept their record of successive victories intact with their eight straight wins over their block rivals, the Jaybirds; while the Buicks added another victory to their record with a win over the Drakes. In the second two games, the Airmasters scored an easy win over the Barons, and the game between the Etons and the Creepers was postponed until a later date.

At 9 P.M. the Jaybirds scored an easy victory over the Cougars, while the leading Jayhawks added another win, their ninth, at the expense of the Centipedes. In the last two games, the Buicks defeated the Barons on a default, while the Drakes and Airmasters played a very close, hotly contested game, the eventual winner being the Drakes.

MY SPORTS DIARY

Dear Diary:

Monday nite the 17th we are going to play the first volleyball game of the season. From the few practices we have had I would say our team should be in very good shape by then.

Practice Tuesday night was quite successful with many regulars showing up. Doris knew what she was doing when she decided to keep Tuesday night open for our practice. For not having drilled on volleyball tactics, the setups displayed Tuesday and Thursday were rather remarkable. The 1939 rules were disturbing because we had been taught to help only the second serve. Now we are privileged to help any and all serves - but only three people may handle the ball before it goes over the net. It was funny to see how many couldn't remember and either let the serve go crooked or four or five would touch the ball. In other words we do quite the contrary to what we were doing.

Thursday night Badminton took up most of the evening and my job is so much simplified it isn't funny. Most of our women know how to play now and it isn't necessary to correct them all the time. There were two courts going at the same time. Both playing double.

Later in the evening volleyball was taken up vigorously. Number two team won 23 to the 22 scored by the number one team. We played a new way--a much better one too was the general opinion. The game was not played until one team reached 21 points. It was played in two 15 minute halves with 5 minutes rest between halves. No doubt the game will be played that way in the future.

On the sidelines we had ping pong and shuffleboard played by those not wanting too strenuous a game, although ping pong is no tea party if it is played the way it should be played.

By summer your correspondent still predicts a town full of Venuses! Not so many pounds have been floating around. All in all there is a marked improvement in these "lines", "figeratively" and literally.

No one seems to realize how important posture really is. A great many nice figures have been ruined by a slouchy -- slovenly posture. No one can look well dressed and not know how to walk, stand, sit and carry themselves. I do believe I'll ask Doris to stress the importance of good posture. The average public can become individual by hoisting back those shoulders, taking in the tummy, and the chin. I find walking around a room, turning backwards, forwards, and climbing stairs with a heavy encyclopedia on my head to be a wonderful helper to an attractive posture.

Until next week at this same time remember I'm

Still your correspondent,

Marjorie Jane Ketcham

HOMEMAKING

by

Mabel Bessemer

BAKING POWDER BISCUIT VARIATIONS:

1. For delicate biscuits, substitute pastry flour for bread flour.
2. For special occasions, add one or two egg yolks and use less milk.
3. Tomato juice or orange juice substituted for milk is particularly nice.
4. When in a hurry, use a full cup of milk to 2 cups of flour, making mixture soft enough to drop into greased muffin pans.
5. For sweet biscuits, add one tablespoon sugar. An old Vermont recipe calls for $\frac{2}{3}$ cup brown sugar (or maple sugar) and 1 teaspoon ginger.
6. For afternoon tea biscuits use a cutter $1\frac{1}{2}$ inches in diameter. Break loaf sugar in halves, dip each piece in orange juice and press immediately into center of each biscuit. Sprinkle with orange rind, grated.
7. For another pleasing variation, dip sugar in strawberry juice and sprinkle with grated lemon rind.
8. Roll mixture thin and cut with a fairly large cutter. Remove centers from half the pieces with a small cutter and place rings on whole circles. Put a teaspoon of jam in the center before baking.
9. For crescent biscuits, divide dough into two portions and roll out into two large thin circles. Cut these pie-fashion, making triangles. Sprinkle with dates cut fine and mixed with sugar. Roll up, leaving the point on top. Shape like crescents.
10. One cup grated cheese makes cheese biscuits, delicious with salad. Roll thin, cut with very small cutter, and arrange on thin sheet like clover leaves.
11. Add $\frac{1}{3}$ cup chopped nuts and one tablespoon sugar, sprinkle with chopped nuts before baking.
12. Add $\frac{1}{2}$ cup raisins to soft drop mixture, with $\frac{1}{4}$ cup chopped candied orange peel and 1 tablespoon caraway seeds, if desired; sprinkle with cinnamon and sugar before baking.
13. For pinwheel biscuits, roll dough thin, brush with butter and sprinkle with any convenient filling. Roll up and cut in slices 1 to $1\frac{1}{2}$ inches thick. Bake cut side up.
14. To make butterscotch-pecan biscuits, cream $\frac{1}{3}$ cup butter (or other fat) with $\frac{3}{4}$ cup brown sugar. Spread dough with half the mixture and put remainder in a round pan 9 inches in diameter and 2 inches deep. Sprinkle dough and pan with pecans. Place biscuits close together.
15. For honey biscuits, put $\frac{1}{4}$ cup butter or other fat, $\frac{1}{4}$ cup honey and $\frac{1}{2}$ cup sugar in pan and sprinkle with cinnamon. Spread dough with honey, sprinkle with cinnamon, roll and slice.
16. Another filling for pinwheel biscuits is butter and marmalade sprinkled with chopped nuts.
17. Chopped candied orange or lemon peel, chopped nuts and butter make another good filling.
18. For picnic biscuits, spread with chopped ham or deviled ham before rolling up.

BETTER BUYERS CLUB

The group of the Better Buyers Club, led by Mrs. Jernberg, met with Mrs. Hennessy last Wednesday and in spite of a small attendance an interesting and enjoyable afternoon was spent by everyone.

We started to read and discuss the book, "The Chamber of Horrors".

The ladies were quite shocked to learn some of the things disclosed by this book, for example, the enormous profit made on cosmetics. Some of the women went so far as to declare they would use flour as a face powder in the future but of course they didn't mean it.

While the refreshments were being served the ladies had a round table discussion of their children's faults and escapades.

FULMERS HAVE VISITOR

Mr. Steven Hoover, brother of Mrs. O. K. Fulmer, will visit Greenbelt this week. Mr. Hoover is taking his Ph. D. at Yale University and is down here working on a thesis on International Relations.

MONTHLY MEETING OF MOTHER'S CLUB

The Mother's Club will hold its monthly meeting on April 20 at 8:00 P.M. in the Social Room of the School building.

The program committee has the following entertainment prepared:

Mrs. Harris, our town librarian, will give a book review on the much discussed epic "The Yearling" by Marjorie K. Rawlings. She will also give us details concerning the public library for all Greenbelt.

Mrs. Murdock's Junior Choir will give several musical numbers.

Mrs. Walter Bierwagon will have the topic for the month which is "Home Handicraft". She will base her discussion on the article as it appears in the April number of "Parent's Magazine".

The following hostesses will serve: Mesdames Featherby, Finn, Frieman, Fitch, Fitzhugh, Gussio, Gale, Green, Hammersla, Henneberger, Hesse and Harper.

After refreshments a short social hour of games will follow under the direction of Mrs. Welch.

It is important that every member attend this meeting. The idea of a "Book of the Month" for this club will be discussed and voted upon. Also plans will be formulated for a big Mother's Day Tea to be held in May. Please come and bring a friend.

COOKING CLASS

The Better Buyers Club, Food Store Committee and Mother's Club are sponsoring a cooking school class, to be held the afternoons of April 20 and 21 in the Home Economics Room of the School, under the auspices of the Potomac Electric Power Company, with Miss Turner as instructor.

The groceries are to be furnished by the food store and the prepared foods are to be given as prizes.

Miss Turner was in charge of the cooking class last year and those who attended earnestly requested a return visit.

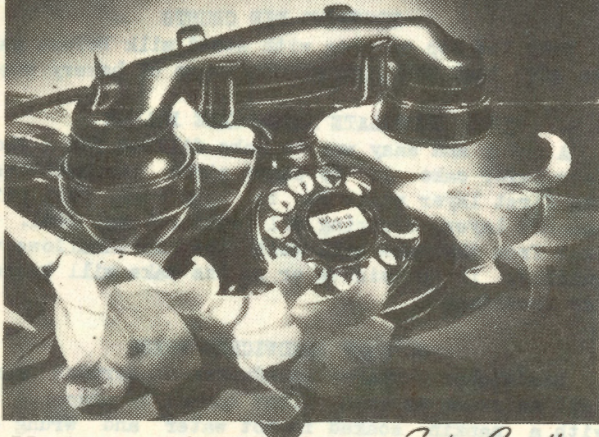

Class is to start promptly at 1:30.

FRENCH CONVERSATION GROUP PROPOSED

Greenbelters interested in devoting an occasional evening to brushing up on their knowledge of French are invited to communicate with Mrs. Rose Volckhausen of 6-K Hillside, telephone Greenbelt 2751.

Plans for the meeting include simple French conversation and games. There would be no fee. The only admission required being an interest in French.

SHORTCUTS IN HOUSEWORK

by Madeline Conklyn

TIME SAVER WHEN STRETCHING CURTAINS

Stretching curtains is a tedious job. Here is a time saver. When taking each pair of curtains from the stretchers, jot down the measurements on a tiny piece of paper and insert it in the top corner of the curtains where it can not be seen. The next time they are stretched you will not have to waste time adjusting the stretcher for each pair of curtains.

TO KEEP REFRIGERATOR ODORLESS

Melons, cucumbers, bananas and other fruit or vegetables may be placed together with other foods, in the refrigerator, without making the foods distasteful if you keep a piece of charcoal about two inches square in the corner of the refrigerator. This also keeps the refrigerator odorless.

OTHER USES FOR LEMONS

The halves of lemons, after the juice has been extracted, should not be thrown away at once. They can be used in a hot bath. Again, when the lemon rinds are used in washing up greasy plates and dishes, fish or onion odors quickly disappear. The rinds are excellent, too, for removing marks on polished plates.

WARM RAISINS FIRST

Place raisins in a pan in the oven to warm before putting them in cakes, cookies, or pudding. They will then distribute evenly without sinking to the bottom.

VINEGAR OR LEMON JUICE FOR TENDER MEATS

When boiling meat or fowl, and in doubt as to tenderness, add a few drops (about a teaspoon) of vinegar or lemon juice to the water and you may be assured of having tender meat. This amount will not flavor the meat or stock.

PARAFFIN PREVENTS RUST

To keep the bottom of a garbage pail from rusting and cracking from the effects of wet garbage, pour hot paraffin into the pail, covering the bottom to about one-half inch in thickness.

BOIL POTATOES FIRST

When baking potatoes, if potatoes are boiled about five minutes and then put into a hot oven and baked, they will be thoroughly done in about one-half the usual time and will have the same flavor.

DAUGHTER AT WEATHERBYS

A girl, name Judith Gray, was born to the Herbert Weatherbys, Saturday, April 8, at 1:00 A.M. The birth was at Georgetown Hospital. Mr. Weatherby, who is well-known in Greenbelt, was a director of the Health Association.

DES JARDINS ENTERTAIN

Mr. and Mrs. George E. Des Jardins entertained Mrs. Des Jardins' sisters, Miss Emily and Marion Kiszonak, and a friend of Miss Kiszonak, Miss Ruth Merrell, during the pre-Easter holidays.

The visit was ended abruptly when Mrs. Des Jardins received a phone call from her mother in Maine telling her that Mr. Kiszonak had died suddenly.

They all left immediately to be with Mrs. Kiszonak.

C.O.C. BOX SCORE

According to Treasurer's records as at close of office hours, Friday April 7:

Subscribers	453
Shares subscribed for	666
Shares fully paid for	103
Dwelling units represented	446
Dwelling units with at least one share fully paid for	71
Amount deposited	\$2351.50

BROWNING PIE CRUSTS

Wash the top of pies with sweet milk before baking to give them the rich golden brown of bakery pies.

QUICK CHOCOLATE LAYER CAKE FILLER

A quick and easy way to make filling for a chocolate layer cake is to place eight marshmallows on the first layer while it is very warm, then put on second layer, covering all with a large bowl. The heat from the cake will melt the marshmallows very quickly. In a minute or so the cake will be ready for frosting.

TO KEEP SANDWICHES FRESH

Sandwiches prepared in advance of serving can be kept as fresh as when first spread by wrapping them with a napkin soaked in hot water and wrung out. Sandwiches should then be put in a cold place.

KEEPING STEP WITH THE LEGION

How the Legion Carries on Americanism

This program, as mandated by the National Convention, is divided into three major objectives: Education, Youth Activities and Community Service.

In the Education objective, the mission of which is to promote interest in our schools, stimulate a greater educational effort, to have taught to our children lessons in loyalty and patriotism and to prepare the foreign-born for American citizenship, the following activities are considered of major importance and are carried on by great number of posts:

AMERICAN LEGION SCHOOL AWARD - To build in boys and girls citizenship qualities. Citizenship schools for foreign-born - to prepare immigrant petitioners for American education week - to interpret to the general public the aims, needs and achievements of our schools. Constitution Week - to encourage an adequate appreciation of the importance of the Constitution. Occupational Introduction for Boys - to give to the youth some idea of the problems they will face in adult life. Keeping the Boys in School - to give each boy an opportunity to continue his education by providing employment.

In the Youth Activities objective, the mission of which is to build a solid foundation for the future of America, the following activities are considered of major importance;

Boy Scouts - to build citizenship. C.M.T.C. and R.O.T.C. - to instill a higher sense of the civic responsibilities of the individual citizen. Junior Baseball - to teach lessons in clean sport thus leading to better citizenship. National Youth Week - to develop the leaders of tomorrow. Junior Rifle Clubs - to promote Americanism thru marksmanship.

In the Community Service objective, there are some two hundred activities in which posts over the country engage. Some of these are;

Safety First programs - aviation and kite flying competitions - promotion of Junior Athletics - sponsoring 4 H Clubs - sponsoring play ground and recreation activities - erection of memorials - promoting conservation programs - aiding in the beautification of public parks - aiding by establishing free health clinics and carrying on first aid work and numerous other ways. They not only carry on this work thru their own organization but also by assisting other worthy organizations whenever such organizations initiate or originate such programs.

This kind of a program calls for a good and strong organization. To this end we invite all veterans, who are eligible to do so, to join our organization. To this we offer our services to the community for whatever aid and assistance we may be, because we serve now as we did in the time of war. We ask you to call upon us.

Leon G. Benefiel, Adjutant.

by

Jean Day

Greenbelt High School reopened on Wednesday after being closed for a week.

The senior class now has a total of \$19.90 in its fund for the Senior Prom. The Bake Sale they had brought them \$9.09. We still have a long way to go but everybody is trying hard.

Through the Evening Star all the symphony records are being purchased for the music classes. They are paid for from the school funds. A true appreciation of the records is felt by the pupils. We are very fortunate in having a good victrola to hear them on.

A complete census is being taken by the members of the P. A. D. class. Mr. Sliker asked them to take it. They ask only four questions: the number in the family, the occupations of the adults, the ages of the children, the school they attend, whether they work after school, and whether they own their own home.

On a field trip the Biology Class found and killed a two-foot copperhead snake. This is the first of a series of trips to familiarize students with the nature of this part of the country.

VIEWS OF YOUTH

by

Billy Stewart

Forgive us gentlemen, forgive us. We're sorry we criticized you so unjustly.

To tell the truth, we thought you were a bunch of self-interested, block-headed old fogeys. Because you didn't turn out and donate a couple thousand bucks we thought you didn't care whether the Boys Club existed or not. And because we thought you didn't care-----well we didn't care either.

But while we were mopin' around, "Eatin' worms" you were trying to help us. And when you joined us -----it kinda got us. We didn't know what to say, what to do, or what to think, except that we were the conceited, blockheaded young sprouts that we really are.

So we come to "youse guys" with all the thanks and gratitude that we can dig up.

Mrs. Irving Grabel of 5-C Eastway and Mrs. Edward Weitsman of 3-D Gardenway Road, twin sisters, have as their guests for the week their sister and brother-in-law and nephew from New York City, Mr. and Mrs. Max L. Blacksborg and son Edward.

RADIO NOTES

The Radio Club met for a class in theory covering the reception of signal by the Tuned Radio Frequency circuit for signal amplification, before it was introduced into the conventional regenerative circuit.

The next topic of discussion was the combination of various source data on the principles underlying the quartz crystal as an oscillator control unit, and the theories of the piezoelectric effect.

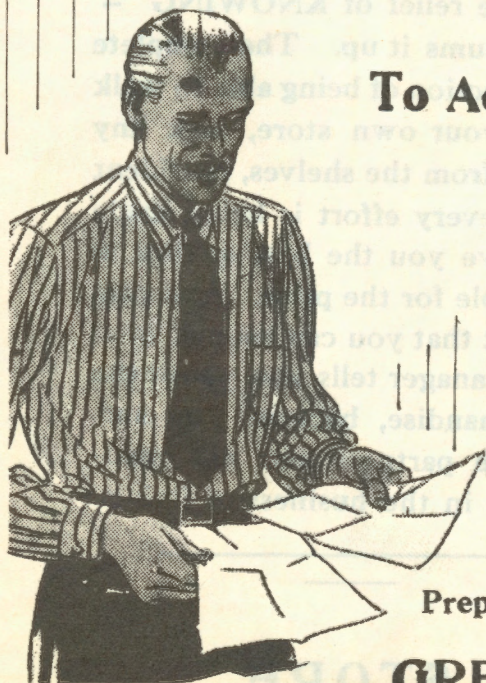

Tomorrow night President Petersen will expound the principles of modulation, as applied to transmitters.

Co-op Brands Meet the Demand for Accurate And Descriptive Labels

Consumers demanded more informative, reliable labels and Co-op Brands are meeting this demand with the new labels now on our shelves.

Most businesses are owned by one group of people and used by another. A Cooperative is owned by the same people who use it. Naturally they provide themselves with the best goods at the lowest possible cost — no one can take a profit from inferior goods or misleading ads and labels.

The Tomato Juice in this can was purchased to conform to the standards for

GRADE A (FANCY) TOMATO JUICE

which are:

1. Typical color of well-ripened Tomatoes.
2. Good consistency. Practically free from defects such as particles of seeds, skins, specks or minute pieces of core.
3. Typical flavor of well-ripened Tomatoes.
4. Score of not less than 85 points by official U. S. Standards.

This Juice was tested using samples obtained by accepted sampling methods.

NEW YORK • AND • SUPERIOR

The relief of KNOWING -- that sums it up. The complete satisfaction of being able to walk into your own store, pick any item from the shelves, confident that every effort is being made to give you the best quality available for the price. And confident that you can believe what the manager tells you about the merchandise, because you and he are partners and not opponents in the business of living.
